Hi to all members,

First of all congratulations to all that took part in all the futurities and I have heard that the horses were all good, the cattle a little wild at times but on the whole some great cutting to be had.

Now that the futurities are all but over it will be good to get back to our club shows. We have Bangalow Practice Day and hopefully away we all go.

I have received a couple of new memberships this week, so that is a good sign that everybody is thinking cutting again.

We also have another new member to the club a little girl Shaya Jayde that has come to us from proud parents Travis and Karlie congratulations to you both.

And also on new arrivals the Flynn's are excited about the long awaited Gooseneck that they have just purchased congratulations can't wait to see it.

Dates to Remember.
